

Sea Breeze

T W O T H O U S A N D S I X

NATIONAL RV, INC. • PERRIS, CALIFORNIA

1

Sea Breeze

For nearly 25 years Sea Breeze has stood for quality and value in recreational vehicles. The 2006 models continue that tradition with an emphasis on providing the most for your money, including many features not usually found on motorhomes in Sea Breeze's price range.

✓ THE NATIONAL RV ADVANTAGE

We build every National RV to far surpass the competition in every aspect. Look for this banner throughout the following pages for more information on important items that help make up **The National RV Advantage.**

6

6 8311 PALMETTO - MAPLE Sea Breeze floor plans offer a variety of convenient kitchen layouts.

✓ ANOTHER NATIONAL RV ADVANTAGE

Kustom-Fit® Seating

Built especially for National RV, this cockpit and living area seating exceeds the comfort and quality of furniture in much more expensive "highline" motorhomes. The exclusive cold poured foam and fully welded steel frames will provide years of driving and relaxation comfort.

COLD Poured SEAT FOAM

Each cushion is formed as a single piece, molded in the correct shape. Competitors' seats are pieced together from blocks of foam which can come unglued and fall apart. This seat foam is so durable it carries a 10 Year Warranty.

STEEL SEAT FRAME

Constructed of welded tubular steel for superior strength; carries a lifetime warranty.

Pantographic Windshield Wipers (left) such as those installed on Sea Breeze motorhomes clean a wider swath of windshield than typical radial windshield wipers (right) of similar blade length.

2

3

4

5

1 1341 HAVANA - OAK Room-expanding slide-outs create spacious living areas inside every Sea Breeze motorhome.

2 Sea Breeze is the perfect motorhome for active families and first-time buyers.

3 Sea Breeze's ergonomically designed cockpit places controls within easy reach for continuous driver comfort no matter how far you travel. Shown with pull-down sun screen (optional on Sea Breeze, standard on Sea Breeze LX).

4 Rear vision system provides safe maneuvering and backing.

5 Motorized rear vision system camera includes built-in microphone to hear as well as see behind you.

Living Space

Stretch out and relax in Sea Breeze's spacious interior with large, room-expanding slide-outs.

Comfortable furnishings and a full compliment of entertainment features will equally delight full-time indoor couch potatoes and those resting after a long day of outdoor recreation.

✓ ANOTHER NATIONAL RV ADVANTAGE

DuraSlide™ Flush Wall Slide-Out System

National RV's exclusive DuraSlide™ flush wall slide-out system provides more than just great looks. It is a testament to the engineering and quality manufacturing that go into every National RV motorhome.

Flush Exterior Surface with Slide-Out Closed

With the slide-out fully retracted, the side of the coach has a smooth, flush surface at the slide-out seal. Double wipers with integrated bulb seals provide a positive seal even when the slide-out is in motion, keeping the weather outside and your cozy climate inside.

WHY DON'T ALL MOTORHOMES COME WITH FLUSH SLIDE-OUT SEALS?

National RV's careful engineering and tight manufacturing tolerances are what make the flush slide-out seal possible. The system depends on the rigid coach framework that National RV's DuraFrame and tubular steel coach body framework provides.

Manufacturers who cut costs by building cheaper, less rigid motorhomes need to hide the resulting gaps and poorer fit by using a wide, overlap cover along the slide-out seams.

1 8360 PALMETTO - MAPLE Wide open living spaces and attractive styling are a hallmark feature of every National RV.

2 8321 PALMETTO - MAPLE Cockpit seats swivel to provide additional living space and a comfortable conversation area.

3 1341 HAVANA - OAK Passenger workstation with data and power ports.

4 27" flat screen TV with front A/V jacks. DVD/VCR combo, optional home theater package on Sea Breeze LX (not shown).

5 Stylish lighting fixtures throughout.

6 Attractive, residential quality door and drawer hardware.

7 8360 PALMETTO - MAPLE Models 1350 (Sea Breeze) and 8360 (Sea Breeze LX) feature a unique "side aisle" floor plan.

8 1341 HAVANA - OAK Comfortable sofa and booth dinette fill the spacious roadside slide-out on most floorplans.

9 8321 PALMETTO - OAK Sleeper sofa converts to a comfortable bed for over-night guests.

Fine Dining

Campfires are great for evening socializing. But when it comes to cooking, nothing beats Sea Breeze's fully equipped, spacious kitchens. Expansive Corian® counter tops, convection microwave and a variety of 8, 10 or 12 cu. ft. refrigerators (see features listing on page 16) make preparing meals on the road as joyful as at home. You'll want to throw out your old "camp recipes" and bring along your gourmet cookbooks instead!

✓ ANOTHER NATIONAL RV ADVANTAGE

Genuine Corian® Solid Surface Counter Tops

National RV insists on using only genuine Corian® solid surface materials on all of our kitchen counter tops. Other manufacturers cut costs by using imitation materials or laminates cleverly disguised with solid edge moldings. But we insist on the *real thing*. Nothing is as durable, impervious to stains and resistant to scratching than genuine Corian®.

1 1341 HAVANA - OAK 10 cu. ft. 2-door refrigerator with ice maker is optional on most models.

2 1341 HAVANA - OAK High-output 3-burner cooktop with removable Corian® cover.

3 1341 HAVANA - OAK Quality drawer construction with steel ball bearing drawer glides.

4 1341 HAVANA - OAK Genuine Corian® solid surface counter top and under-mount porcelain sink with wood cutting block cover (not shown).

5 1341 HAVANA - OAK Genuine Corian® tilt-up counter top extension.

6 1341 HAVANA - OAK Booth dinette.

7 8321 PALMETTO - OAK Storage under dinette seats.

8 8321 PALMETTO - OAK Convenient pull-out pantry (1321 and 8321 only).

Bed & Bath

Gone are the cramped water closets of yesterday's recreational vehicles. Sea Breeze features large, spacious bathrooms with the comforts of home. Tastefully appointed bedroom suites feature National RV's exclusive, true queen sized pillow top comfort mattress as well as plenty of wardrobe space.

✓ ANOTHER NATIONAL RV ADVANTAGE

One-Piece Fiberglass Shower

Manufactured "in-house" at National RV to ensure quality, this shower is crafted of thick fiberglass with plenty of reinforcement for a sturdy, rigid feel. Step into a competitor's shower and you'll feel the difference as the plastic or lower quality fiberglass shower pan gives under your weight.

NATIONAL RV SHOWER:

COMPETITORS' SHOWER:

One-piece construction means there are no seams in the shower enclosure where leaks can develop or mold and mildew can thrive. Built for years of trouble-free use, our one-piece reinforced fiberglass shower is truly a *National RV Advantage!*

1 8311 PALMETTO - MAPLE Comfortable master bedroom suite with open bathroom layout (double pocket doors provide privacy).

2 8360 PALMETTO - MAPLE Plenty of storage in the bedroom area with overhead and base cabinets and drawers, plus a full wardrobe along the rear wall. 20" flat screen bedroom television with front A/V jacks.

3 Sandpiper Deluxe™ is National RV's exclusive, full queen size (60" x 80") comfort pillow-top mattress.

4 8360 PALMETTO - MAPLE Side aisle floorplan provides entry to the bathroom from both the hallway and the bedroom.

5 1341 HAVANA - OAK Expansive lavvy cabinet with plenty of storage drawers and cabinets.

6 8321 PALMETTO - OAK Private toilet room with window (select floor plans only — see pages 14-15 for floor plan drawings).

ANOTHER NATIONAL RV ADVANTAGE

One-Piece Fiberglass Roof

Every National RV motorhome is completely surrounded in durable, beautiful gel coat fiberglass. The roof is no exception. A durable exterior sheath of fiberglass reinforced polyester (FRP) is vacuum-bonded directly to the roof structure. The National RV one-piece fiberglass roof is much more durable, easier to maintain, and keeps its great looks longer than the rubber, aluminum or pieced-together roofs of competing motorhomes.

UTILITY COMPARTMENT

Sea Breeze's thoughtfully designed, heated plumbing compartment places all plumbing system components in one convenient location with clearly labeled, easy to operate controls. Convenient features include city water inlet with regulator, inlet to pump, water heater with bypass valve and an outside shower.

ANOTHER NATIONAL RV ADVANTAGE

Superior Electrical System

The fully self-contained Sea Breeze brings along its own power generating and switching station to keep your appliances, heating and cooling powered up. It's like owning your own power company!

- 5.5 KW ONAN generator
- 1000W INVERTER/converter standard on Sea Breeze LX (optional on Sea Breeze)
- 50 AMP MagneTek® solid state converter/charger (Sea Breeze)
- 50 AMP shore power with 120V distribution panel and user-friendly detachable power cable (right, top)
- 12V circuit breaker panel (right), clearly labeled and conveniently located inside the coach
- (2) 6V DEEP CYCLE house batteries and (1) 12V maintenance free chassis batteries
- REMOTE battery disconnect

PRECISE CLIMATE CONTROL

Sea Breeze is engineered to provide true "four seasons" comfort, with a balanced combination of user-friendly climate control systems and a full envelope of highly efficient insulated components. Insulated, dual in-ceiling AC ducts, a ducted furnace and powered roof vents allow precise climate control. Dual pane windows (optional on Sea Breeze, standard on Sea Breeze LX) and a cocoon of EPS block foam insulation efficiently maintain your optimum settings.

ANOTHER NATIONAL RV ADVANTAGE

Insulated Basement Compartments

Made with the same materials and methods as our laminated sidewalls, the storage compartment floor panels and door inserts of every National RV motorhome are laminated with highly efficient EPS block foam insulation to keep your valuables safe from temperature extremes.

- 1 Dual pane windows are standard on Sea Breeze LX (optional on Sea Breeze).
- 2 Convenient, centrally located systems monitoring and climate control station.
- 3 Powered Fan-tastic® Vent with wall thermostat.

4 Patio awning with metal cover is standard.

5 Spacious pass-through basement storage compartments.

6 30" wide entry door and triple entry step with equal-rise steps all the way up.

7 Stylish fiberglass front and rear caps with halogen automotive headlights

8 Slide-out topper awnings keep run-off and debris off of the slide-out box.

9 Valve extensions make the important job of maintaining proper fire pressure quick and easy, even for the inner duals.

Power On

Sea Breeze's exterior is as stylish and full-featured as the interior. Huge pass-through basement storage bays provide plenty of room for the treasures you'll find along the way. Utility systems such as electrical, plumbing and climate control keep your home away from home running smoothly with the comfort and convenience you would expect from your primary residence.

Sea Breeze's striking exterior graphics are a combination of high gloss gelcoat, durable UV-resistant vinyl and professionally applied quality paints.

The Foundation

Sea Breeze is built on your choice of chassis and drivetrain, with National RV's patented DuraFrame® chassis system and all welded tubular steel coach body construction.

STANDARD CHASSIS (SEA BREEZE AND SEA BREEZE LX)

FORD F-53 CHASSIS

- Sea Breeze
 - 20,500 lbs GVWR
 - 19.5" wheels with s.s. liners
- Sea Breeze LX
 - 22,000 lbs GVWR
 - 22" aluminum wheels

FORD TRITON V-10 ENGINE

- 362 Horsepower
- 425 ft-lbs Torque
- 6.8 Liters

FORD TORQ-SHIFT TRANSMISSION

- 5-speed automatic
- 2 overdrive gears

ANOTHER NATIONAL RV ADVANTAGE

DURAFRAME® CHASSIS SYSTEM

The DuraFrame® Chassis System is specifically engineered to provide the strength that today's multiple slide-out motorhomes require — all within the chassis system itself. DuraFrame's all steel, full welded system of tubular steel risers, plate steel outriggers and truss-like engineering provide an abundance of coach strength while enabling cavernous basement storage spaces. Other

manufacturers rely on the coach sidewalls to absorb much of the stresses of traveling and carrying the coach's weight. But the multiple slide-outs of today's luxury motorhomes blow huge holes in that strategy. That's why the DuraFrame® Chassis System builds all of the strength necessary to support the coach into the chassis system itself — below the floor line and below the slide-outs.

OPTIONAL CHASSIS (SEA BREEZE LX ONLY)

WORKHORSE W-22 CHASSIS

- 22,000 lbs. GVWR
- 22" aluminum wheels

GM VORTEC V-8 ENGINE

- 340 Horsepower
- 455 ft-lbs Torque
- 8.1 Liters

ALLISON 1000 TRANSMISSION

- 6-speed automatic
- 2 overdrive gears

BUILDING THE INDUSTRY'S BEST COACH BODY COMPONENTS

1 All coach body panels — sidewalls, floor, roof, rear bulkheads and slide-out boxes — are framed in rigid, fully welded tubular steel for superior strength and longevity that other materials just can't match.

2 Thick EPS block foam insulation is precisely fit into the steel framework of every coach body panel. EPS foam maintains its integrity over time and won't settle and sag like fiberglass blanket insulate does.

3 Advanced industrial adhesives are carefully metered between each layer of the laminated coach body component. Next the assembly is vacuum bonded to form a single, impervious unit that possess all of the qualities of the input components.

4 State of the art computer numerically controlled (CNC) routers cut window, slide-out and other openings with amazing precision. National RV invests heavily in the latest technologies to ensure quality and efficiency.

5 Completed components are carefully installed on the main assembly line. Sidewalls are installed with a unique fastening system that places the weight of the coach body onto the tubular steel frame, not on the fasteners themselves.

ANOTHER NATIONAL RV ADVANTAGE

Superior Coach Body Construction

National RV uses an advanced vacuum lamination process and the highest quality materials in the construction of the fully insulated roof, walls and floor.

TUBULAR STEEL FRAME

Stronger and less susceptible to work fatigue than aluminum and won't decay like wood.

CROWNED ROOF

The best RV roof in the business is built with arched tubular steel roof trusses. The crowned roof has radius edges for superior runoff.

FIBERGLASS ROOF SKIN

A seamless barrier against moisture; more durable and easier to maintain and repair than rubber or aluminum.

1/4" STRUCTURE-WOOD®

This oriented strand board (OSB) from Weyerhaeuser carries a 25 year warranty and is used for both the roof deck and interior ceiling panel.

EPS BLOCK FOAM INSULATION

Used throughout the coach in every laminated coach body component. This foam won't settle or sag like spun fiberglass insulation. Insulation is up to 6" thick in the roof, and completely surrounds the coach living areas. It's even in the floor!

1/4" THICK MAHOGANY INTERIOR WALL PANEL

A thick, firm interior wall surface that's tough enough to anchor our cabinetry...and whatever pictures or fixtures you care to hang, wherever you want to hang them.

Competitors' thin interior wall surfaces "give" when you push them, revealing their weakness beneath the surface, with reinforcements built in only where necessary to attach cabinets. Our interior wall surfaces are 1/4" thick and rigid throughout!

HIGH GLOSS GELCOAT EXTERIOR

Exterior sidewall surface is made of a thick, high gloss fiberglass gelcoat sheet that is laminated directly to the sidewall structure. The result is excellent resistance to delamination and long-lasting great looks.

NOTE: Some components and their locations as shown in this photo may differ slightly from the actual components of the chassis used in the Sea Breeze motorhome. This photo is intended only as a general representation of the Duraframe Chassis System and is not intended to represent actual components and their location.

5 YEAR LIMITED WARRANTY

On DuraFrame® and structural components.

One year limited warranty on "house". See warranty booklet for details. See chassis and installed component manufacturer's information for their warranties.

A Floor Plan to Fit Every Lifestyle...

Laminate lavy top with decorative edge	\$	\$

ANOTHER NATIONAL RV ADVANTAGE

STANDARD Equipment!

Sea Breeze and Sea Breeze LX feature many standard features that are extra-cost options on competing models. Compare other motorhomes to the features listed here as standard equipment and you'll find that few of them stack up to Sea Breeze for value.

Medicine cabinet	\$	\$
Bedroom Area		
Plush carpet with deluxe pad	\$	\$
Day/night shades with designer valances	\$	\$
Cedar lining in wardrobe and bed storage compartment	\$	\$
Wardrobe with mirrored sliding doors, laundry hamper, shelf and doors below (N/A on 1350)	\$	\$
Wardrobe with hinged mirrored doors, laundry hamper, shelf and doors below (1350 only)	\$	\$
Vanity cabinet with laundry hamper (8360 only)	\$	\$
Bedsread, pillows and shams	\$	\$
Large mirror on rear wall	\$	\$
Slide-out queen bed with storage compartment	\$	\$
Sandpiper deluxe residential-style 60" x 80" pillow top mattress	\$	\$

ELECTRICAL SYSTEMS

50 Amp MagneTek® solid state power converter and charger (N/A with 1000 watt inverter/converter)	\$	\$
1000 watt inverter/converter	O	\$
50 Amp 120V distribution panel	\$	\$
50 Amp power cord with user friendly exterior wall receptacle	\$	\$
12V resettable push button house circuit breaker distribution panel	\$	\$
5.5 kw Onan® Marquis series generator	\$	\$
(2) 6V deep cycle house batteries	\$	\$
(1) 12V chassis battery	\$	\$
Battery disconnect switch for house batteries	\$	\$
Systems monitor panel	\$	\$
Porch light with interior switch	\$	\$
120V patio receptacle and phone jack	\$	\$
Recessed fluorescent and incandescent lights in ceiling	\$	\$
Recessed fluorescent and incandescent lights in ceiling with wall mounted switches	\$	\$
Designer light fixtures in living and bedroom areas	\$	\$
Cosmetic light in bathroom	\$	\$
Three water pump switches (kitchen, bath and service compartment)	\$	\$
Battery voltage meter in monitor panel	\$	\$
GFI protected electrical circuit	\$	\$
Courtesy light at entry-door switch panel	\$	\$

PLUMBING SYSTEMS

Coach Exterior

Heated systems compartment with easy access to hook-ups	\$	\$
On demand water system and water pump	\$	\$
Holding tank rinse system (black tank only)	\$	\$
Winterization antifreeze inlet to pump	\$	\$
Outside shower	\$	\$
Water heater bypass valve	\$	\$
Pressurized water fill with integrated regulator	\$	\$
Six gallon LPG water heater with electric ignition and direct spark ignition	\$	\$
10 gallon, quick-recovery water heater with direct spark ignition (gas/electric)	\$	\$
Winterizing (seasonal)	O	O

Kitchen Area

Single lever faucet with side sprayer	\$	\$
Bath Area		
One-piece fiberglass shower	\$	\$
Dual lever shower faucet, braided hose, plated head	\$	\$
Single lever lavy faucet	\$	\$

SAFETY FEATURES

Daytime running lights	\$	\$
Driver and passenger three point seat belts	\$	\$
Dead bolt lock on entry door	\$	\$
Fire extinguisher	\$	\$
Smoke, carbon monoxide (CO) and LPG detectors	\$	\$
Emergency exit window	\$	\$

WINDOWS, DOORS & AWNINGS

Radius tinted safety glass windows	\$	\$
Dual pane radius tinted safety glass windows	O	\$
Manual patio awning with metal cover	\$	\$
30" wide radius entrance door with clear glass, shade and screen door	\$	\$

GETAWAY RALLIES

Getaways are the highlight of National RV Owners Club membership. These well-organized events are a great opportunity to meet other RV enthusiasts. GetAways are held throughout the year at interesting locations across the United States. Quality entertainment, great food and fun activities are all part of every GetAway. You may also seek the assistance of National RV service technicians, tour the latest National RV products and hear the latest news from company officers.

THE ISLANDER

Published for the benefit of all National RV owners, a subscription to *The Islander* is included with your free National RV Owners Club membership.

Welcome to the Family

At National RV, we're fanatics for the RV lifestyle!

We nurture the National RV family and promote camaraderie among our owners through the National RV Owners Club and local chapters. Membership in the Club is free for all owners of National RV products.

Club members share their experiences, learn about their National RV and the RV lifestyle, come together for fabulous GetAway rallies and keep up to date with *The Islander* newspaper.

SINGLE LOCATION MANUFACTURING

National RV has grown through reinvesting in its own products and facilities in sunny Southern California. Designing and building everything at a single location results in consistent quality across product lines, increased efficiencies and a proud, loyal workforce in the company's home community. When you buy a National RV, you'll never wonder whether it came from our "best" plant. They're all built in Perris, and they're all *the best we can do.*

FACTORY SERVICE CENTERS

In addition to hundreds of trained service technicians at dealers throughout North America, National RV operates large Factory Service and Parts Distribution Centers in California and Florida. This ensures that the expertise and parts to fix any problem are readily available either at your local dealer or one of these centers.

EMERGENCY ROADSIDE ASSISTANCE

National RV provides a complimentary first year of coverage by Coach Net®, America's leading provider of 24-hour emergency roadside assistance. In addition to emergency towing, Coach Net® provides free trip planning, service scheduling assistance, travel maps, coverage for your towed vehicle and much more.

Experience

Over the past 42 years, National RV has grown from a small camper manufacturer to one of America's premiere builders of class "A" motorhomes. In that time we've learned a thing or two about building and backing quality motorhomes that last. That's why so many of our owners come back to National RV to make their next motorhome purchase. Our quest for increasing levels of quality and customer service is never ending.
