Dolphin TWO THOUSAND SIX

Dolphin recreational vehicles have earned a reputation for quality, value, and style since 1963. Today, National RV once again pushes the boundaries of motorhome design with the completely re-engineered 2006 Dolphin. Such innovations as National RV's exclusive Circular Airflow™ basement AC system, the higher ceilings of our new "big box" construction and bold new exterior styling once again set Dolphin apart from the typical motorhome. And like all National RV motorhomes, the new Dolphin is built with the patented DuraFrame® Chassis System, tubular steel framework and National RV's distinctive interior styling.

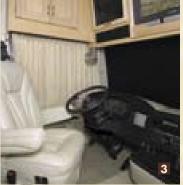

4 2006 Dolphin © 2005 NATIONAL RV, INC. WWW.NATIONALRV.COM 2006 Dolphin 5

- Dolphin's cockpit is a study in comfort, simplicity and efficiency. Instruments and controls are intuitively arranged and within easy reach. The comfortable Kustom-Fit® driver seat features 6-way power and swivel base.
- **2** Full-width electric sun visor and manual side window sun shades provide customizable driving comfort.
- **3** The full-width electric sun visor doubles as a privacy screen when fully lowered.

4 Increased room between the driver's seat and slide-out wall (most models) results in more legroom and increased comfort while driving.

Driving Comfort

Arrive at your destination relaxed and ready for adventure. Dolphin's ergonomically designed cockpit is built for comfort and minimizing driver fatigue through the longest legs of your journey. From the the easy-chair comfort of the Kustom-Fit® cockpit seats to the thoughtful arrangment of driver controls and instrumentation, Dolphin's spacious cockpit will ensure that getting there is *always* half the fun.

ANOTHER NATIONAL RV ADVANTAGE

Kustom-Fit® Seating

Built especially for National RV, this cockpit and living area seating exceeds the comfort and quality of furniture in much more expensive "highline" motorhomes. The exclusive cold poured foam and fully welded steel frames will provide years of driving and relaxation comfort.

COLD POURED SEAT FOAM

Each cushion is formed as a single piece, molded in the correct shape. Competitors' seats are pieced together from blocks of foam which can come unglued and fall apart. This seat foam is so durable it carries a 10 Year Warranty.

STEEL SEAT FRAME

Constructed of welded tubular steel for superior strength; carries a lifetime warranty.

- 5 Models equipped with the Workhorse W-24 chassis feature an electronic push-button transmission shifter. All models come with side console leveling jack control pad.
- **6** AM/FM/CD/cassette stereo and Multidisc CD changer are standard. The CD changer is conveniently located right in the dash.
- **7** Motorized rear vision camera with microphone.
- **8** Passenger seat computer workstation with pull-out table, power and data connections.
- Pull-out storage drawer keeps maps and other items close at hand while traveling.

PANTOGRAPHIC WINDSHIELD WIPERS

clean a wider swath of windshield (left) than typical radial windshield wipers (right) of similar blade length.

6 2006 Dolphin © 2005 NATIONAL RV, INC. WWW.NATIONALRV.COM 2006 Dolphin 7

This Is Living!

Whether it's tea for two or a weekend with the family, Dolphin's interior living spaces provide abundant space, comfort and livability. Thoughtfully designed conversation areas, entertainment features, room-expanding slide outs and the highest quality furniture provide a living experience that redefines—and refines—the motorhome lifestyle.

ANOTHER NATIONAL RV ADVANTAGE DuraSlide™ Flush Wall **Slide-Out System**

National RV's exclusive DuraSlide™ flush wall slide-out system provides more than just great looks. It is a testament to the engineering and quality manufacturing that go into every National RV motorhome.

Flush Exterior Surface with Slide-Out Closed

With the slide-out fully retracted, the side of the coach has a smooth, flush surface at the slide-out seal. Double wipers with integrated bulb seals provide a positive seal even when the slide-out is in motion, keeping the weather outside and your cozy climate inside.

WHY DON'T ALL MOTORHOMES COME WITH FLUSH SLIDE-OUT

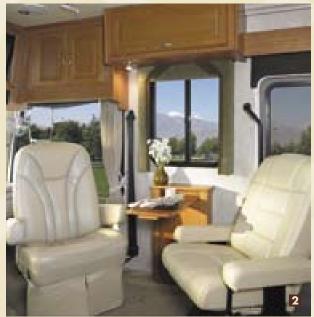

National RV's careful engineering and tight manufacturing tolerances are what make the flush slide-out seal possible. The system depends on the rigid coach framework that National RV's DuraFrame® and tubular steel coach body framework provides.

less rigid motorhomes need to hide the resulting gaps and poorer fit by using a wide, overlapping cover along the slide-out seams.

1 6355 DEL MAR - CHERRY Cockpit seats swivel to face the living area — creating a spacious, comfortable conversation area.

- 2 6355 DEL MAR CHERRY Thoughtful touches such as the flip-up coffee table make the best use of every space and provide touches of convenience throughout the coach.
- 3 6355 DEL MAR CHERRY The huge living area slide-out provides abundant living space.
- 4 Dual in-ceiling air conditioning ducts provide efficient, targeted climate control. Dolphin's higher ceiling results in an impressive 6' 9" interior height.

- **5** 27" flat screen TV with convenient front A/V jacks and DVD/VCR combo player. Home theater sound is standard on Dolphin LX (optional on Dolphin).
- 6 6355 DEL MAR CHERRY Wonder-Bed® sleeper sofa provides comfortable quarters for overnight guests.

8 2006 Dolphin 2006 Dolphin 9 WWW.NATIONALRV.COM © 2005 NATIONAL RV, INC.

- **1** 6355 DEL MAR CHERRY A spacious 12 cu. ft. 4-door refrigerator with ice maker is standard (all models except 5320/6320).
- **2** 6355 DEL MAR CHERRY Ample kitchen storage space with carpet-lined lower cabinet shelves to reduce noise while traveling.
- 3 6355 DEL MAR CHERRY High-output 3-burner cooktop with removable Corian® covers.
- 4 6355 DEL MAR CHERRY Quality drawer construction with steel ball bearing drawer glides.

Fine Dining

Discover the joy of cooking in Dolphin's fully-outfitted, spacious kitchen. Such amenities as expansive Corian® counter tops, abundant cabinet space, huge standard refrigerators, and a high-output cooktop and convection/microwave oven will help you create meals as easily—and *deliciously*—as you do in your home kitchen.

ANOTHER NATIONAL RV ADVANTAGE

Genuine Corian® Solid Surface Counter Tops

National RV insists on using only genuine Corian® solid surface materials on all of our kitchen counter tops. Other manufacturers cut costs by using imitation materials or laminates cleverly disguised with solid edge moldings. But we insist on the *real thing*. Nothing is as durable, impervious to stains and resistant to scratching as genuine Corian®.

- 5 6355 DEL MAR CHERRY Hutch with base cabinet and Corian® top.
- 6 6355 DEL MAR CHERRY Genuine
 Corian® solid surface counter top and undermount stainless steel dual sink.
- **7** 6355 DEL MAR CHERRY Genuine Corian® tilt-up counter top extension.
- **8** 5342 SAVANNA MAPLE Booth dinette is standard; dining table with free-standing chairs (not shown) is optional.
- **9** 6355 DEL MAR CHERRY Large pull-out storage bins under dinette seats.
- National RV uses only high quality, residential style cabinetry hardware including door and drawer pulls, hinges and drawer glides.
- 11 6355 DEL MAR CHERRY Designer vinyl tile flooring.

1 O 2006 Dolphin © 2005 NATIONAL RV, INC. WWW.NATIONALRV.COM 2006 Dolphin 1 1

- 5342 SAVANNA MAPLE The huge bedroom slide-out in model 5342/6342 features a full wardrobe and a spacious dressing area.
- 2 6355 DEL MAR CHERRY Dolphin's comfortable bedrooms feature spacious bedroom slide-outs and a rear bay window.
- 3 5342 SAVANNA MAPLE Plenty of storage in the bedroom area with overhead and base cabinets, multiple drawers and under-bed storage.
- 4 6355 DEL MAR CHERRY The 20" flat screen bedroom TV shares all signal sources (antennae, cable, optional satellite dish, cable or DVD player) with the front living area TV.
- 5 National RV's exclusive Sandpiper Deluxe™ full queen size (60" x 80")comfort pillow-top mattress.

Bed & Bath

Dolphin's tastefully appointed bedroom suites feature National RV's exclusive, true queen sized pillow top comfort mattress as well as plenty of wardrobe space.

Gone are the cramped water closets of yesterday's recreational vehicles. Dolphin features large, spacious bathrooms with all of the amenities of home.

ANOTHER NATIONAL RV ADVANTAGE

Circular Airflow™ Superior Climate Control

Using a powerful Coleman® basement-mounted air conditioner and heat pump combined with National RV's dual in-ceiling air ducts, Dolphin achieves residential style circular flow of properly cooled or heated, filtered air. The Coleman® unit features dual compressors which work together for optimum cooling efficiency — the second unit comes online only when needed. National RV's unique rear output duct works in concert with the ceiling vents and intake

ANOTHER NATIONAL RV ADVANTAGE

1-Piece Fiberglass Shower

Manufactured "in-house" at National RV to ensure quality, this shower is crafted of thick fiberglass with plenty of reinforcement for a sturdy, rigid feel. Step into a competitor's shower and you'll feel the difference as the plastic or lower quality fiberglass shower pan gives under your weight.

NATIONAL RV SHOWER:

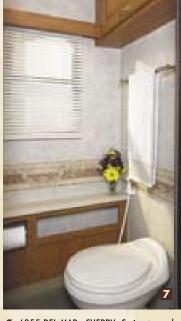

COMPETITORS' SHOWER:

One-piece construction means there are no seams in the shower enclosure where leaks can develop or mold and mildew can thrive. Built for years of trouble-free use, our one-piece reinforced fiberglass shower is truly a National RV Advantage!

6 6355 DEL MAR - CHERRY Corian topped lavy with stainless steel under-mount sink (Dolphin LX only) and 1-piece fiberglass shower.

7 6355 DEL MAR - CHERRY Private toilet room with window (some floorplans) and porcelain toilet with sprayer.

1 2 2006 Dolphin © 2005 NATIONAL RV, INC. WWW.NATIONALRV.COM 2006 Dolphin 1 3

ANOTHER NATIONAL RV ADVANTAGE

1-Piece Fiberglass Roof

Dolphin's durable one-piece fiberglass reinforced polyester (FRP) roof surface material is vacuum-bonded directly to the roof structure. This fiberglass roof is much more durable, easier to maintain, and maintains its great looks longer than the rubber, aluminum or pieced-together roofs of competing motorhomes.

ANOTHER NATIONAL RV ADVANTAGE

Aluminum Compartment Doors

New for 2006, Dolphin's exterior compartment doors are made of durable aluminum, laminated with EPS block foam insulation to keep your valuables safe from temperature extremes. The formed aluminum door shell is tapered for a stylish appearance that competitors' flat doors can't match

- Newly styled front cap and formed aluminum compartment doors accentuate Dolphin's bold new look.
- 2 Halogen automotive headlights.
- **3** Stylish eliptical backup lamps complement the distinctive yet functional styling at the rear of the coach.
- 4 A recessed fuel fill with automotiveinspired door is conveniently located at the rear of the coach.
- 5 Slide-out topper awnings keep run-off and debris off of the slide-out box. Note the distinctive black awning hardware and rear ladder.

Bold New Lines

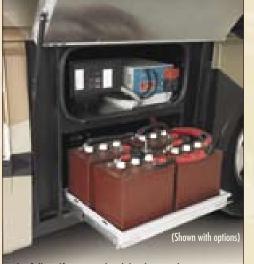

Behold Dolphin's striking new exterior with bold, enthusiast-inspired body styling. An array of exhilirating partial and full body paint exterior graphics rival those of many luxury diesel motorhomes.

And of course, function meets
form with Dolphin's full
compliment of easily accessible
utilities and spacious basement
storage compartments.

ANOTHER NATIONAL RV ADVANTAGE

Superior Electrical System

The fully self-contained Dolphin brings along its own power generating and switching station to power your appliances and climate control systems. It's like owning your own power company!

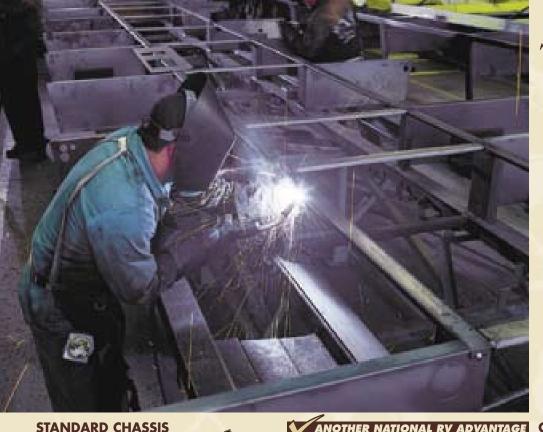

- 7.0 KW ONAN
 Marquis Gold generator
- 1000W inverter/ converter STANDARD
- 2000W inverter OPTION on Dolphin LX, includes 2 extra 6V deep cycle house batteries (shown above)
- 50 AMP shore power with 120V distribution panel and user-friendly detachable power cable
- 12V circuit breaker panel, clearly labeled and conveniently located inside the coach

- 10W SOLAR PANEL • (2) 6V DEEP CYCLE
- (2) 6V DEEP CYCLE
 house batteries and (1)
 12V maintenance free
 chassis batteries
- REMOTE DISCONNECT switch for house batteries
- **6** 30" wide entry door with equal-height steps all the way into the coach.
- **7** 5,000 lb. class III hitch and 7-pin electrical connector.
- **8** Full featured plumbing systems compartment with user-friendly valves, inlet-to-pump, city water inlet, outside shower, convenience light and more.

1 4 2006 Dolphin © 2005 NATIONAL RV, INC. WWW.NATIONALRV.COM 2006 Dolphin 1 5

The Foundation

Dolphin is built on your choice of chassis and drivetrain with National RV's patented DuraFrame® chassis system and welded tubular steel coach body construction.

■ All coach body panels — sidewalls, floor, roof, rear bulkheads and slide-out boxes — are framed in rigid, fully welded tubular steel for superior strength and longevity that other materials just can't match.

BUILDING THE INDUSTRY'S BEST COACH BODY COMPONENTS

2 Thick EPS block foam insulation is precisely fit into the steel framework of every coach body panel. EPS foam maintains its integrity over time and won't settle and sag like fiberglass blanket insulate does.

3 Advanced industrial adhesives are carefully metered between each layer of the laminated coach body component. Next the assembly is vacuum bonded to form a single, impervious unit that possess all of the qualities of the input components.

4 State of the art computer numerically controlled (CNC) routers cut window, slide-out and other openings with amazing precision. National RV invests heavily in the latest technologies to ensure quality and efficiency.

5 Completed components are carefully installed on the main assembly line. Sidewalls are installed with a unique fastening system that places the weight of the coach body onto the tubular steel frame, not on the fasteners

TURULAR STEEL FRAME

Stronger and less susceptible to work fatigue than aluminum and won't decay like wood.

ANOTHER NATIONAL RV ADVANTAGE

Superior Coach Body

Construction

CROWNED ROOF

The best RV roof in the business is built with arched tubular steel roof trusses. The crowned roof has radius edges for superior runoff.

FIBERGLASS ROOF SKIN

A seamless barrier against moisture; more durable and easier to maintain and repair than rubber or aluminum.

1/4" STRUCTURE-WOOD® DECKING

This oriented strand board (OSB) from Weverhaeuser carries a 25 year warranty and is used for both the roof deck and interior ceiling panel.

PADDED VINYL CEILING

Padded vinyl ceiling panels have a smooth appearance, are easy to clean and provide excellent sound deadening.

EPS BLOCK FOAM INSULATION

Used throughout the coach in every laminated coach body component. This foam won't settle or sag like spun fiberglass insulation. Insulation is up to 6" thick in the roof, and completely surrounds the coach living greas. It's even in the floor!

1/4" THICK MAHOGANY INTERIOR WALL

A thick, firm interior wall surface that's tough enough to anchor our cabinetry...and whatever pictures or fixtures you care to hang, wherever you want to hang them. Competitors' thin interior wall surfaces "give" when you push them, revealing their weakness beneath the surface, with reinforcements built in only where necessary to attach cabinets. Our interior wall surfaces are 1/4" thick and rigid throughout!

HIGH GLOSS GELCOAT EXTERIOR

Exterior sidewall surface is made of a thick, high gloss fiberglass gelcoat sheet that is laminated directly to the sidewall structure. The result is excellent resistance to delamination and long-lasting great

ANOTHER NATIONAL RV ADVANTAGE

DURAFRAME® CHASSIS SYSTEM

The DuraFrame® Chassis System is specifically engineered to provide the strength that today's multiple slide-out motorhomes require — all within the chassis system itself. DuraFrame's all steel. full welded system of tubular steel risers, plate steel outriggers and truss-like engineering provide an abundance of coach strength while enabling cavernous basement storage spaces. Other

manufacturers rely on the coach sidewalls to absorb much of the stresses of traveling and carrying the coach's weight. But the multiple slide-outs of today's **luxury** motorhomes

blow huge holes in that strategy. That's why the DuraFrame® Chassis Sy the chassis system itself — below the floor line and below the slide-outs.

OPTIONAL CHASSIS (STANDARD ON 6355, 5376 & 6376)

GETAWAY RALLIES

Getaways are the highlight of National RV Owners Club membership. These wellorganized events are a great opportunity to meet other RV enthusiasts. GetAways locations across the United States. Quality entertainment, great food and fun activities are all part of every GetAway. You may also seek the assistance of National RV service technicians, tour the latest National RV products and hear the latest news from company officers.

the Family

At National RV, we're fanatics for the RV lifestyle! We nurture the National RV family and promote camaraderie among our owners through the National RV Owners Club and local chapters. Membership in the Club is free for all owners of National RV products. Club members share their experiences, learn about their National RV and the RV lifestyle, come together for fabulous GetAway rallies and keep up to date with The Islander

newspaper.

SINGLE LOCATION MANUFACTURING

National RV has grown through reinvesting in its own products and facilities in sunny Southern California. Designing and building everything at a single location results in consistent quality across product lines, increased efficiencies and a proud, loyal workforce in the company's home community. When you buy a National RV, you'll never wonder whether it came from our "best" plant. They're all built in Perris, and they're all the best we can do.

Experience

Over the past 42 years, National RV has grown from a small

> camper manufacturer to one of America's premiere builders of class "A" motorhomes. In that time we've learned a thing or two about building and backing quality motorhomes

that last. That's why so many of our owners come back to National RV to make their next motorhome purchase. Our quest for increasing levels of quality and customer service is never ending.

Take The Tour!

Come to the factory and see for yourself the quality workmanship that goes into every National RV motorhome. Walk the assembly line and see how raw steel, fiberglass and other raw materials are skillfully crafted into a complete, finished motorhome.

Tours are conducted at 3:00 PM M-F from the main entrance of our manufacturing facilities at 3411 N. Perris Blvd., Perris, CA.

In addition to hundreds of trained service technicians at dealers throughout North America, National RV operates large Factory Service and Parts Distribution Centers in California and Florida. This ensures that the expertise and parts to fix any problem are readily available either at your local dealer or one of these centers.

EMERGENCY ROADSIDE ASSISTANCE

National RV provides a complimentary first year of coverage by Coach Net®, America's leading provider of 24-hour emergency roadside assistance. In addition to emergency towing, Coach Net® provides free trip planning, service scheduling assistance, travel maps, coverage for your towed vehicle and much more.
