Dolphin Motorhomes - An Adventure In Affordability

You have plans for enjoyable journeys, and we can make them possible. For over three decades, National RV has brought travel dreams to life with exciting motorhomes like Dolphin. Only Dolphin delivers high-line styling, extensive amenities, incredible comfort and long-term value at truly affordable prices. And each Dolphin comes with such a wealth of standard equipment that the option list is remarkably short.

Quality and convenience features abound, including professionally designed interiors with plush fabrics and carpeting, plus the most comfortable

furniture in the industry. Master suites, galleys, and baths are among the finest you'll find. Most models are available with slide-out rooms for extra spaciousness. These value-packed Dolphin motorhomes invite your closest comparison. We don't simply put quality where you see it, we put it where you don't see it. That includes the steel subfloor construction that forms the foundation of your Dolphin motorhome. And as you'd expect, we've built in plenty of storage, inside and out.

Experience National RV quality first-hand. Visit your Dolphin dealer for a personalized tour.

Each slide-out room incorporates an exceptionally strong engineered steel framework and a trouble-free electric glide system. Extensive weather sealing and insulation are used throughout.

Model 5360

An Invitation To Travel In Style

National RV's spacious floor plans are at their roomy best in Dolphin slide-out models. Within minutes after you stop for the night, you instantly gain loads of additional space. Depending on which floor plan you choose, Dolphin slide-out models come with either a galley, a dinette or optional free-standing table and chairs, or a comfortable hide-a-bed sofa. All floor plans make the most efficient use of space for your comfort and convenience. Our large complement of standard amenities includes solid oak raised panel cabinet doors and subtle conveniences like ball bearing drawer guides.

Driving Comfort & Convenience

Gain a commanding view of the road through Dolphin's panoramic windshield. Rosen aviation style sun visors and power heated mirrors ensure maximum visibility, while the comfortable reclining driver seat and overhead 2-speed fans make driving a pleasure. Other equipment includes a full array of dash mounted gauges with a generator switch and hour meter, hydraulic leveling jack controls and a rear vision system with microphone. (Optional on 5340)

Efficient Workstation

The passenger seat doubles as your office chair, providing a comfortable place to connect your cell phone or laptop. A convenient slide-out table with drawer inspires you to write to friends and relatives while you're on the road. A flip-up table serves both swivel chairs then tucks away when it's no longer required.

Hide-A-Bed Fold-Down Sofa

When you need additional sleeping space for friends and family, you can instantly convert the hide-a-bed sofa into a comfortable bed. (N/A on 5340)

Enjoy All The Comforts Of Home

Brew yourself a cup of coffee in the galley, then relax in the dinette. Or settle into Dolphin's specially designed driver and passenger seats, which instantly turn into exceptional lounge chairs. You can also ease into an ultra-comfortable deluxe swivel-rocker reclining chair. Stretch out on your stylish sofa. Sit back and catch your favorite shows on the 19" color TV with remote control, standard in all Dolphin models.

Gourmet galleys offer the practical beauty of Corian counters with a flush-mounted stove cover. An optional Corian countertop extension is also available. A porcelain sink is equipped with a single lever faucet and water filter. Other standard features include a convection microwave oven, coffeemaker, and an abundance of cupboards and drawers.

Dining area choices include a booth dinette or a table and chair setting. Either way you choose to dine, you'll love this spacious and thoroughly inviting area. Dolphin's special hutch with mirrored back and Corian top provides additional counter space, as well as the convenience of extra storage near the galley. Handsome oak trim is utilized throughout this fine motorhome.

Refrigerator choices include an 8 cubic foot double door refrigerator with slide-out pantry, or an optional 10 cubic foot side-by-side refrigerator with ice maker. (N/A on 5330)

Elegant Bedroom Alternatives

Which master suite will grace your new Dolphin? Depending on the model you choose, you can enjoy a head-to-side queen bed version, where a spacious mirrored wardrobe/closet extends the full width of your motorhome. Or you may prefer a head-to-rear queen bed. Both bedrooms feature color-coordinated bedspreads and shams with pillows. Designer touches include full-length designer glass mirrors and attractive lighting as standard.

Of course, there's plenty of space to pack personal belongings. Dolphin's roomy closets accommodate loads of clothes, while our night stands provide extensive drawer space. We've even built in storage under the bed for additional items.

Spacious Garden Bath

The garden bath, available in selected models, literally surrounds you in luxury. A tinted skylight opens up the room, greatly enhancing the overall impression of spaciousness. Elegance and convenience abound. The attractive glass-enclosed one-piece fiberglass shower, or tub/shower combination is accented with handsome goldtone fixtures and trim. Standard items include large sinks, a porcelain toilet with sprayer, and even a wall-mounted hair dryer for your convenience.

Quality Built, From Roof To Road

Dolphin construction gets off to a solid start with its Ford or Chevrolet chassis. On top of that, National RV engineers utilize an all-steel subfloor construction for an enduring foundation. Incorporating a laminated steel framed floor, roof and walls, each Dolphin is literally surrounded in steel. Even the exterior storage compartments benefit from steel framing.

High gloss gel-coat is used exclusively on the molded front and rear fiberglass caps and exterior walls. The underbelly is laminated, insulated, and undercoated for exceptional weather protection. A steel framed laminated and crowned rubber roof protects from above, and every coach is water-tested. Each Dolphin is thoroughly insulated, and dual pane windows are available for extra comfort.

The dump/fill station area is easy to access and use. It includes a water pressure gauge and regulator; black tank flush, and city water fill. Soap and towel dispensers are provided for your convenience.

24 gallon LPG tank is conveniently located for easy filling.

Massive storage compartments provide a safe, secure place to stow all manner of items, large and small.

Whenever You're On The Road, National RV Is On Call...

**24-Hour Toll-Free Help Line By
Coach Net Emergency Road Service**

As an original Dolphin owner, you can call toll-free to Coach Net, anytime, for expert advice on any problem you might have. (Good for one year from date of purchase. Non-transferable program can be extended for a nominal fee.)
