Tradewinds LTC

Luxury Touring Class.

THE ESSENCE OF LUXURY

▲ TLTC 7391 COCKPIT AREA IN MOCHA SUNSET

Only Tradewinds LTC provides a level of style, comfort and sophistication worthy of the Luxury Touring Class marque. From the beautifully designed interior decors featuring opulently milled fabrics and an array of rich fine-grained hardwoods, to the monogrammed Ultraleather™ seating, Tradewinds LTC is a coach like no other.

A cutting-edge entertainment center

features a variety of devices for enjoying broadcast, satellite or recorded music, movies or television.

Lustrous Corian® solid surface countertops are used liberally throughout the coach, while designer hand-laid ceramic tile and color-coordinated patterned carpets extend the LTC's styling to the floor beneath you.

A variety of spacious floorplans feature double roadside slide-outs for maximum livability. LTC's Huge

▲ TLTC 7391 WONDER BED

angled galley are the delight of the most discerning chefs. And the standard 10 cu. ft. or optional 12 cu. ft. refrigerator with icemaker will keep those chefs well-stocked!

The master bedroom suite includes an open bathroom design that creates a living space of palatial proportions. Double pocket doors provide privacy when needed. Tradewinds LTC's exclusive "Beachcomber Premium" pillow-top queen mattress is literally the stuff that dreams are made of.

The guiding principles of the Tradewinds LTC are the definition of luxury itself: maximum comfort and style without compromise.

NATIONAL RV™

CHOOSE YOUR COLOR:

Every Tradewinds LTC receives a meticulous application of full-body paint using a multi-stage process in National RV's state-of-the-art paint facilities. Only premium automotive finishes are used, assuring a smooth, lustrous finish that will make your Tradewinds LTC the envy of the highways. Choose from three beautiful color schemes.

▲ TRADEWINDS LTC IN MOCHA SUNSET

▲ TRADEWINDS LTC IN PLATINUM SANDS

▲ TRADEWINDS LE IN TROPICAL ELEGANCE

Personalize your Tradewinds LTC with your choice of three rich interior decors. Complement the decor with your choice of genuine hardwood cabinetry.

BEST BUILT...

The entire coach body— floor, sidewalls, roof—is constructed of a rugged tubular steel framework, high density foam insulation and the highest quality interior and exterior surfaces. Each component is vacuum-bonded to form a solid, rigid structure.

Every coach component is manufactured with the latest processes and the strictest quality standards. After nearly 40

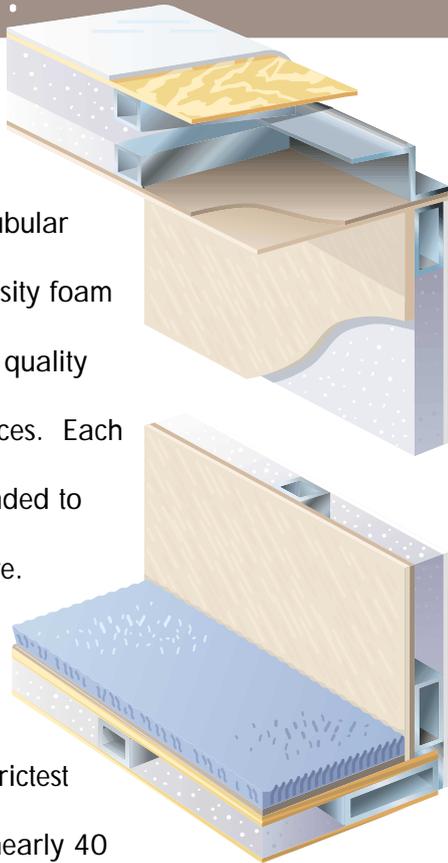

years of building some of America's favorite recreational vehicles, ***we know how to do it right!***

...BEST BACKED.

Peace of Mind is standard equipment with all National RV motorhomes. Our **3-years/ unlimited miles warranty** against structural defects to the coach body and

subfloor structure leads the industry. Our professional Owner Services staff, extensive dealer network and factory service centers on both coasts stand ready to assist with any warranty issues. And we back you on the road against any unforeseen

problems with full-featured **Coach Net®** emergency roadside assistance, service scheduling assistance and a host of extra travel benefits, free to you for your first year of owning your new National RV motorhome.

A DRIVER'S COACH

LTC is built on the idea that getting there is half the fun. That's why every aspect of the chassis, suspension and drivetrain are designed to make *driving* the LTC a rewarding experience.

Perhaps the most important part of pleasurable driving is enjoying power on demand. This is provided by the formidable Cummins® ISC electronic diesel engine, which flattens mountains with 370 horsepower and a whopping 1,050 lbs.-ft. of torque.

On-road handling is unsurpassed due to Tradewinds LTC's Neway® independent front suspension. IFS allows each wheel to absorb the irregularities of the road without heavily affecting the rest of the coach. The result is better, safer handling and a smoother, more stable ride.

See your nearest National RV dealer to experience the pleasure of driving the Luxury Touring Class.

YOUR ISLAND OF STEEL

DURAFRAME® & UNI-CAGE®

Every National RV gasoline motorhome is built with patented Duraframe® technology. This patented all-steel truss-frame design imparts brute strength to the chassis to help it resist the forces of

traveling, thereby relieving stresses from the sidewalls and other coach body components. This results in less squeaks and rattles and longer lasting structural integrity. Duraframe® also makes it possible to enjoy large, diesel-style pass-through basement storage bays.

National RV's vacuum bonded sidewalls, roof and floor—the coach "body"—is the culmination of nearly 40 years of engineering for strength and durability. On every National RV, a welded tubular steel framework runs through all of the coach body components, enveloping the coach in a sturdy cage of steel—the Uni-Cage®.

The strengths of the Duraframe® and Uni-Cage® are combined to form one of the most durable motorhomes on the road: Tradewinds LTC.
