- Leather Package 3: Drivers Seat w/ Power, Extra-Wide Passenger Seat, Sofa & Love Seat (7372)

THE PATENTED DURAFRAME

COMPLETE CHASSIS STRENGTHENING

All-Welded steel Duraframe provides complete rigidity for the entire coach--eliminating reliance on the sidewalls and interior cabinetry. A better ride results from a more rigid frame and lower center of gravity.

CAVERNOUS BASEMENT STORAGE

Fully insulated pass-through storage compartments offer the most versatility for storing odd-shaped objects.

Luggage compartments are supported by Duraframe--not by coach cabin or floor.

Duraframe is welded rather than bolted to the chassis.

All Steel lattice truss style construction provides shear and torsional strength.
