NRV
NATIONAL R. V., INC.

Introducing the 2000 Sea Breeze Motor Home by National RV. Sea Breeze has been completely retooled for 2000—both inside and outside. This year, each Sea Breeze features 3/4 basement construction with enclosed, insulated and heated holding tanks—while still maintaining a low profile design.

We've engineered and patented our modular, all steel Duraframe™ subfloor to structurally integrate with the chassis frame. This design provides solid, smooth riding performance as well as expansive storage to accommodate your travel needs.

Model 1340

Spacious Galley

Cooking will be a delight in the large galley. The Sea Breeze kitchen comes standard with a full Corian® countertop (and optional Corian® countertop extension), Fan-Tastic Vent® ceiling fan, double-door refrigerator and microwave oven with built-in exhaust fan.

Bird's Eye View

The comfortable driver's seat offers a remarkably clear and unobstructed view of the road. All gauges are easy to read and a rear camera monitor is mounted inside the dash. Rosen aircraft style sun visors are also standard.

Roomy Retreat

Get a good night's sleep in a queen-sized bed, this sleeping area with an attractive color-coordinated shams and a custom headboard. We've gone to great lengths to provide space for bulky items such as blankets and pillows.

We've complemented flared bedspread, provided additional storage beneath the bed.

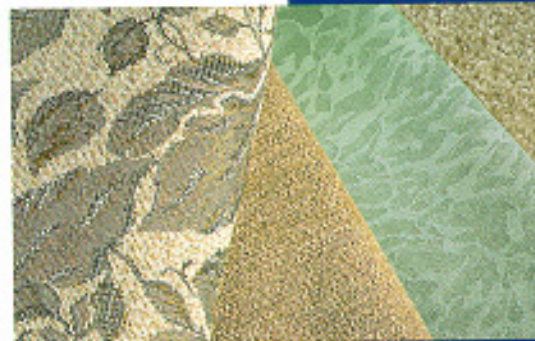

Low Profile Slide-Out

Model Year 2000 marks the arrival of Sea Breeze's first ever slide-out floor plan (Model 1340)—making this the only premier motor home to incorporate a complete lounge slide-out into a standard width platform.

Sea Breeze

Authorized Sea Breeze Dealer:

Pass-Through Storage

Exterior storage just got more convenient. Due to National RV's patented Duraframe™ construction, each Sea Breeze features a convenient pass-through storage compartment for the most bulky items.
